Welcome Message

Welcome Message

by POCOG President

The PyeongChang Organizing Committee for
the 2018 Olympic and Paralympic Winter Games
(POCOG)

Dear Friends and Colleagues from the Media,

On behalf of POCOG, may I take this opportunity to extend to you my warm welcome to PyeongChang 2018 Olympic Winter Games. We, at POCOG, have done our very best over the past seven years to make the PyeongChang 2018 a passage of passionate and unforgettable experiences to every participant.

In particular, we have thoroughly checked the needs and demands of the media and set everything up to meet the expectations. Without your support and satisfaction, the Games, we believe, would not be successful. You are the key stakeholders covering and delivering the spirit of the Games and the Olympic values of "Excellence, Friendship, and Respect" on a daily basis during the Games time.

Without your contribution, billions of people around the world will not be able to feel the joy and passion of the Games, which we have

worked so hard on over the years.

Now we are ready to have you as our guests and colleagues for PyeongChang 2018.

Please come freely, enjoy your every moment and tell the Games stories to the people throughout the world.

It is my ardent wish that you make your own story of the PyeongChang 2018 and let the people share the Olympic spirit together. And "Let Everyone Shine"

Welcome again and we wish that you have a great time during the PyeongChang 2018 Winter Games.

Sincerely,
Hee-beom LEE
POCOG President

Introduction

From the Director of Press Operations

The PyeongChang Organizing Committee for
the 2018 Olympic and Paralympic Winter Games
(POCOG)

Dear Friends and Colleagues from the Media,

Press Operations of the Organizing Committee for the PyeongChang 2018 Olympic Winter Games would like to sincerely welcome the media from all over the world!

We, Press Operations, have exerted our utmost effort to provide the media with the best possible facilities and services which are essential for the media's professional activities. Furthermore, we assure that we will unceasingly endeavor to support the media in delivering touching moment and joyfulness of the Games vividly to the world.

Media Handbook includes all necessary information for the media. This handbook will provide useful information regarding facilities and services which are important to successfully implement the media activities.

We, Press Operations, will always be ready at all competition and non-competition venues to expeditiously respond to all inquiries and requests from the media. Lastly, we would like to convey our heartfelt wish that PyeongChang 2018 could be the memorable Games for the media as one of the most successful and meaningful Games throughout the history of the Olympic Games.

Sincerely,
Dong-eun KIM

MPC A to Z

Access to MPC

All accredited media have access to the Alpensia Key Area and the MPC. MPC consists of three major buildings; Alpensia Convention Centre (MPC 1), Alpensia Concert Hall (MPC 2), and a temporary structure (MPC3). People who want to access to MPC should possess his/her own OIAC with MPC access. MPC is under security control for 24-hour daily. For those who are not accredited or do not have MPC access can access to the MPC with guest pass.

Alcohol

Alcohol is available for sale at the Lounge Bar Corner next to the Press Workroom and the Media café located on the 1st floor of the MPC 1. Each person can bring up to five litres of food including alcohol in the MPC for personal consumption.

Emergency

The MPC has an emergency notification system on every floor. In the event of an emergency, a voice alarm will be activated and will instruct how to respond to the situation. Please follow the instruction in case of emergency.

Food

A buffet style restaurant is located on the first basement level of the MPC 1. The Media Café located on the first floor of the MPC 1 will offer various 'grab-n-go' items. Light meals and beverages will be served at the Lounge Bar Corner located on the second floor of the MPC 1. Hot water and tea will be available free of charge in the workroom area. Each person can bring up to five litres of food including alcohol in the MPC for personal consumption.

Policies

Media will be free to access all outdoor public areas to conduct interviews and take photographs, but filming is NOT allowed.

Media may enter an NOC's residential space only if they are invited by the NOC Chef de Mission or the Chief Designee of Press Attaché.

Media may approach athletes and officials to make interview requests. However, if a request is denied, the media should no longer pursue the individual and respect their decision and privacy.

Specific buildings in the Residential Zone of the Olympic Villages will also be available for access: Main Dining Hall, Polyclinic, Fitness Centre, Resident Centre, Athletes Lounge and residential units.

The Dining Hall will have a section for athletes who

do not wish to be on camera or approached for interviews. Media must respect the privacy of these athletes as images may not be taken in this area. Back-of-House operations will be made available to the media.

Media which violate any of the rules will be asked to leave the Olympic Village immediately.

Parking

Access to the dedicated MPC parking area is granted only with purchased Vehicle Access and Parking Permits (VAPP). Please refer to page 23 for parking lot location.

Rate Card

Some items are available through the Press Rate Card at the Rate Card Help Desk in the MPC 3 during the Games.

Smoking

As with all Olympic venues, smoking is not permitted inside the MPC. Designated smoking areas are located outside the MPC. Smoking is strictly prohibited inside all buildings.

TM Mall

24-hour media shuttle between the MPC and the TM Mall located near the IBC will run every 5 minutes.

VR Zone

The VR zone in the MPC 2 will give you a glimpse of all venues in 3D.

Venue Press Operations

Venue Press Facilities

General Information

Venues

Venue Press Facilities

Venue Press Facilities consist of Venue Media Centres, Press Conference Rooms, Mixed Zones, Press Tribunes and Media Lounge. At each venue, you will find similar services and facilities listed below:

Venue Media Centre (VMC)

The Venue Media Centre (VMC) is where press and photographers can work and produce their coverage in the venue. Following is operation hours for VMCs.

	Venues	VMC Opens	VMC Closes
Competition Venues	Official Training	1 hour before training begins	2 hours after training ends
	Mountain Cluster	3 hours before competition begins	4 hours after competition ends
	Coastal Cluster	3 hours before competition begins	3 hours after competition ends
Non competition Venues	PyeongChang Olympic Stadium	16:00	01:00
	PyeongChang Medals Plaza	16:00	23:00
	PyeongChang/Gangneung Olympic Villages	09:00	21:00

Press Conference Room

Official press conferences will be held in the venue press conference room after each medal event.

Mixed Zone

Mixed zones provide an opportunity for the press to conduct interviews with athletes as they leave the Field of Play (FOP). All athletes pass through the mixed zone, however, they are not obliged to answer questions or participate in interviews if they do not wish to do so.

The order of interviews in the mixed zone is set by the International Olympic Committee (IOC):

- 1. Rights Holding Broadcasters**
- 2. IOC-recognised world news agencies and host national news agency and OIS**
- 3. Written press and photographers, non-Rights Holding Broadcasters (without recording equipment)**

Press Tribune

Press tribunes provide a dedicated area for the press with unobstructed view of the Field of Play. Indoor venues include tabled tribunes equipped with power outlet (220V) at every seat and shared TV monitors. At outdoor venues, press will have reserved viewing areas close to the finish area, often combined with the mixed zone.

Media Lounge

Every workroom has a Media Lounge which sells food and beverages. Self-catered coffee and tea will be served for free.

Venue Press Facilities General Information

High-Demand Events

For certain events - such as the Opening and Closing Ceremonies, and other specific events or competition sessions - the number of press and photographers may exceed the safe capacity of the press tribune seats and photo positions. For these 'high-demand events', a ticket will be required to access the venue, in addition to a valid OIAC. For more information, please refer to Accreditation section(7.1) of this handbook.

Internet Access

Access to the Internet through wired ports requires an Internet account purchased through the Press Rate Card. Wi-Fi connectivity is also available for free. For more information, please refer to Rate Card and Technology section(7.5) of this handbook.

Lockers

Lockers are available for booking at the Help Desk at each Venue Media Centre. Please note that The PyeongChang 2018 Organizing Committee is NOT responsible for lost or damaged equipment stored in the lockers.

ENR Access Rights

Persons accredited as non-Rights Holding Broadcasters (ENRs) must abide by the News Access Rules as issued by the IOC. ENRs have access to the press areas of competition and non-competition venues, but are not allowed to bring any professional broadcast equipment into the all venues except MPC. Please refer to the Appendix at the end of this handbook for detailed information regarding the News Access Rules.

Reserved Seating in Workrooms and Tribunes

Seatings in the workrooms and tribunes are available on a first-come-first-served basis each day, except for cases where organisations have ordered dedicated access ports through the Press Rate Card. These locations are labelled with the name of the organisations and are reserved for their exclusive use.

Olympic Village Media Guest Pass

The access pass system allows eligible accredited media (categories E and RT) access to the Olympic Village. Media access in the Olympic Villages is limited only to the Village Plaza.

Media access to the Villages is granted by a media pass, which can be exchanged temporarily with a valid OIAC. Media pass is available at the Village Media Centre Help Desk located at the Main Entry. Media should return the pass at the end of their visit in order to collect their OIAC.

Olympic Village Interview Room Booking system

Accredited media are eligible to use interview facilities at the Olympic Village. Please submit your request via online booking system or fill out booking form available at the Village Media Centre Help Desk. Your request will be confirmed upon approval by POCOG Press Operations. Every effort will be made to meet your request but in the events of times overlapping, press manager will work with you to change the time or the room in which it is held.

GMW Services and Facilities for Photographers

A combined Press and Photo Workroom provides 180 workstations, which are available on a first-come-first-served basis.

VMC Services and Facilities for Photographers

Venue Media Centre in each venue provides Photo Help Desk and Photo Workroom. Photo staffs are available during VMC operation hours and will support photographers at each venue. Photo staffs could regulate photographers when it is needed for security. Please understand that the regulations are the basic requests for security and follow the instructions.

Photographer's Undertaking and Procedures

Each photographer (Ep) is required to complete and sign the IOC's Photographer's Undertaking in person at the Photo Help Desk in the MPC 1 from 9 January, 2018.

Each photographer will receive his or her photographer sleeve after signing the document.

Photographers will also receive additional information on photo positions in each venue and any specific rules that may apply.

Photographers are only permitted to access photo positions with the photographer sleeve.

Following is the Photographer's Undertaking for PyeongChang 2018 Olympic Winter Games.

I, Photographer, hereby acknowledge and agree that:

- a) any images captured, depicted or taken during the PyeongChang 2018 Winter Games (the 'Photographs'), including athletes competing at the Olympic venues, shall only be used for bona fide news services for still photographic editorial purposes only;
- b) the use of such Photographs for advertising or any other commercial or promotional purpose, in any manner, format, media or technology, whether now existing or created in the future, is strictly prohibited, unless with IOC's prior consent;
- c) the use, authorization to use or disseminate in any manner or form of moving images captured, depicted, or taken at the PyeongChang 2018 Winter Games, in any manner, format, media, or technology, whether now existing or created in the future and whether such use is commercial or non-commercial, is strictly prohibited;
- d) I, Photographer, shall indemnify, defend, and hold harmless the IOC from any damages resulting from/or linked to a breach of this agreement;

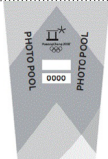

Photo Positions and Supplementary Accreditation Control Device (SACD)

Details of photo positions at each venue are available from the Venue Photo Managers and the Photo Help Desk at the MPC1.

Photo positions are generally available on a first-come-first-served basis, although the Olympic Photo Pool has reserved positions at all venues, as do photographers who have purchased Rate Card. The International Olympic Photo Pool (IOPP) comprises a minimum of six press agencies representing the Associated Press, Thomson Reuters, Agence France-Presse, Getty Images, Yonhap News Agency and the International Sport Federation (IF) of the relevant sport.

Photographers are permitted to work from empty spectator seats but they must not disturb any nearby spectators and must vacate these seats immediately when ticketholders arrive. Accredited photographers are required to register at MPC and receive their individually-numbered photo sleeve. Photographers can only work from venues when they have both the OIAC and the photo sleeve.

Olympic Information Service

Info2018 and myInfo2018

Content Available on Info2018 and myInfo2018

How to Access myInfo2018

The Olympic Information Service (OIS) is a professional sports reporting and information service and helps the accredited media achieve the best possible coverage of the Games.

As press accreditations at the Games are limited, most press organisations are able to send only a few correspondents to the Host Cities. This means it is impossible for them to cover every sport in the programme - not even all the athletes from their own country.

The OIS supports the reporting of the accredited media by supplying them with key information on the athletes, competitions and the Olympic movement. During the Games, the OIS covers events at all venues, producing news reports such as flash quotes from brief interviews of the athletes in the mixed zone; sport previews and reviews; news articles and press conference highlights.

The OIS is delivered by a team of professional editors and reporters, all with English as their native language. Starting with the PyeongChang 2018 Winter Games, the OIS is delivered by the IOC as a turnkey solution for the Olympic Games, in line with Olympic Agenda 2020 proposal 2.3.

The OIS also provides a wide range of background information, such as athletes' biographies, historical results, competition formats and rules, history of the sports, qualification criteria, and details of the Olympic venue facilities.

Info2018 and myInfo2018

The reports produced by the OIS and other Games information are published on the Info2018 system, the official Games-time intranet for the Olympic Family. Info workstations are located throughout the Olympic venues, including the MPC, VMCs, and selected non-competition venues such as the Olympic Villages and the Media Village. The content is also accessible through myInfo2018, The mobile version of Info2018 that is available for every member of the accredited media, via dedicated log-in (user name and password).

For a faster delivery of the flash quotes from the mixed zone, some of the athletes' interviews are also made available on Twitter on the OIS accounts. The OIS Twitter feed can be viewed directly from the Info2018 and myInfo2018 website.

In addition to the news reports, Info2018 features audio and video feeds from some selected events, such as the athletes' post-competition interviews from the mixed zones, the post-competition press conferences and the IOC Daily Briefings from MPC.

MyInfo2018 provides additional features not available on Info2018. It allows users to create their own schedules by selecting the sports and events that interest them. Users can also customise the SMS/email notification functions to receive alerts only on the disciplines and events they have selected. Info2018 and myInfo2018 are provided free of charge for the accredited media.

How to Access myInfo2018

Members of the accredited media can access myInfo2018 through the URL: <https://myinfo.pyeongchang2018.com/>
Upon first access, users land on the login page containing a link to the registration form.

The registration form includes the following mandatory fields:

- Token field (the Olympic Accreditation Number)
- Given Name
- Date of birth
- E-mail address (This will be username)
- Confirm email address
- Phone number*
- Password
- Confirm password

* Only Korean phone numbers will be eligible for registration to receive myInfo2018 alerts by SMS.

After completing the registration, users receive a confirmation email containing a link which will enable you to activate the account. Clicking on the link confirms activation and the user can log into myInfo2018.

After registration and login, users will log into myInfo2018 using their username (e-mail) and the password created during the registration process. In the login form there is a pre-selected 'Keep me logged in' function that will allow the user to avoid having to log in again.

Each user can use the login details to access myInfo2018 with up to three devices (e.g. laptop, tablet, mobile) simultaneously.

Accreditation

Written and photographic press, including technicians and non-Rights Holding Broadcasters, are accredited as the E category.

Accreditation Categories

Code	object	Access
E	Journalist	All competition and training venues (zone 4), Olympic Common Domain, E tribune seating, MPC, Olympic Village(with guest pass), Opening and Closing Ceremonies (with ticket), TM transport
EP	Photographer	Same as E. FOP and official Photo Positions with supplementary access device(bid/armband), TM transport
ET	Technician	Same as E, Photo Position (In case of technical problems)
EC	Support Staff	MPC only, TM Transport
ENR	Non-rights holding broadcast organisation	All competition and training venues (zone 4), Olympic Common Domain, Olympic Village(with guest pass) without equipment, MPC with equipment, TM transport

Accredited Press also have access to the Media Transport System (TM).

OIAC

The Olympic Identity and Accreditation Card (OIAC) grants its holder the right to access the venues, zones and privileges entitled on their card.

Together with a valid passport, the OIAC authorises entry into Korea for its registered holder from 9 January to 18 April 2018. However, it does not function as a transit visa for other countries.

The OIAC allows the holder to stay and perform their functions for the duration of the PyeongChang 2018 Olympic Winter Games.

Prior to validation, the OIAC is referred to as a Pre-Valid Card (PVC). When the PVC is validated, it becomes the official OIAC and entitles its holders to necessary access to the PyeongChang 2018 Winter Games venues and privileges according to their specific function.

PVCs can be validated until the day of the Closing Ceremony on 25 February 2018. Non-validated PVCs do not allow access to the Games venues.

Lost, Damaged or Stolen OIACs

All participants must report lost, stolen, or damaged OIACs to the nearest Accreditation Centre for the PyeongChang 2018 Winter Games at the earliest opportunity.

If an OIAC is lost or stolen after validation, it can be re-issued. However, the individual must present an acceptable form of identification document. Acceptable forms of identification document for the Olympic Winter Games are as follows:

Nationality	Resident Registration Card	Driver's License	Passport
Korean Nationals	●	●	●
All other nationalities			●

The person must fill out the Accreditation Replacement Request Form available at any Accreditation Centre. A lost or stolen OIAC will be cancelled on the accreditation system, and cannot be re-activated even if it is found later. Where an OIAC is damaged (for example, torn), the individual should present it in person at Accreditation Centre. A lost, stolen, or damaged OIAC will be re-issued as soon as possible after a Lost or Stolen Accreditation Replacement Request Form has been submitted.

Olympic Village Media Passes

The access pass system allows eligible accredited media (categories E and RT) access to the Olympic Village. Media access in the Olympic Villages is limited only to the Village Plaza.

Media access to the Villages is granted by a media pass, which can be exchanged temporarily with a valid OIAC. Media pass is available at the Village Media Centre Help Desk located at the Main Entry. Media should return the pass at the end of their visit in order to collect their OIAC.

High-demand Events

For certain events, the number of press and photographers wanting access to a venue may exceed the number of seats in the press tribune and the number of photo positions available.

For these 'high-demand events', a ticket is required to access the venue, in addition to a valid OIAC.

The IOC Media Operations team will allocate high-demand events tickets to the National Olympic Committees at the IOC Ticketing Desk in the MPC3. Each NOC will then distribute the tickets to their accredited national press.

Only press with an E, EP or ET accreditation are eligible to receive tickets for high-demand events. Rights Holding Broadcasters receive their high-demand events tickets at the IBC.

The following events are expected to be ticketed for the PyeongChang 2018 Olympic Winter Games:

- Opening Ceremony
- Closing Ceremony
- Figure Skating
- Ice Hockey (Men's) Semi-finals/ Bronze medal/ Finals

Events may be added or changed, which will be announced through Info2018 and myInfo2018 and at the IOC Ticketing Desk.

ENR Accreditation

The IOC is responsible for the accreditation of non-Rights Holding Broadcasters (ENRs). During the Games, ENRs are permitted to bring recording equipment into the MPC, with permission to film any press conferences taking place within the MPC or interview within the interviewing area in accordance with the News Access Rules.

ENRs are not permitted to take their recording equipment into any of the competition venues or Olympic Villages. For a full description of News Access Rules and Filming Rights please refer to the Appendix at the end of this handbook.

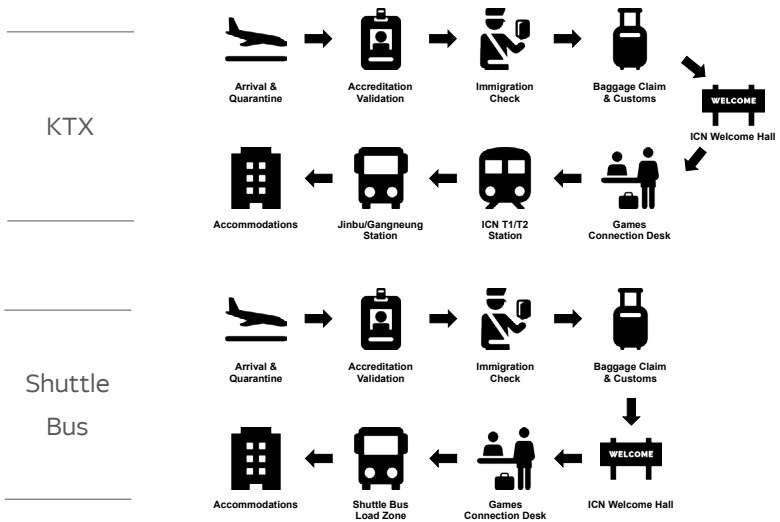

Arrival and Departure

POCOG arrival services (signage and directional guidance) are available for media arrivals at Incheon International Airport (ICN) from 26 January 2018.

- Media will be given free transport to their designated accommodation location after checking in at the Games Connection Desk at the airport.
- One time free round-trip KTX train services will be provided as primary transport services. KTX operates every hour between 07:00 - 22:00

during 1 February - 28 February 2018. (Please note that during 26 - 31 January, only four times daily service will be provided.)

- Shuttle bus services will be provided as supplementary transport services for following circumstances: KTX off-hours, KTX capacity full, and transport to Bokwang accommodations.

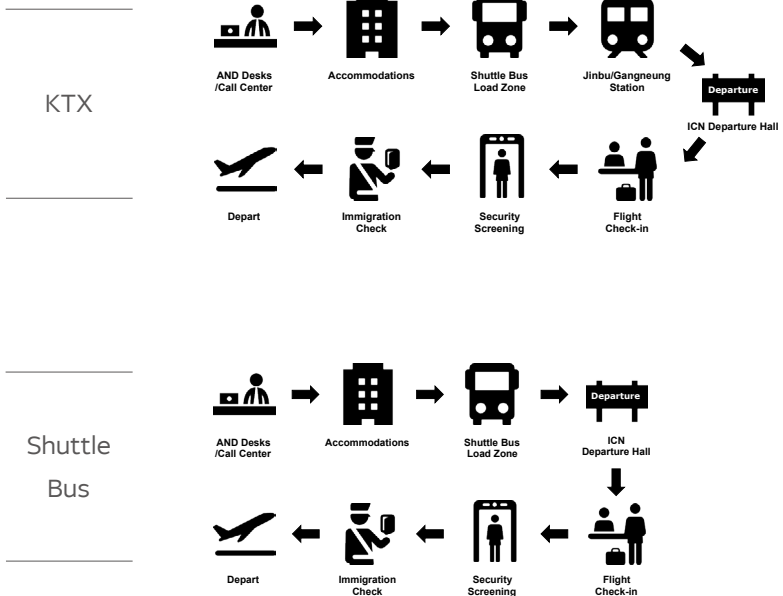

Departure

Departure services are provided throughout the arrival and departure period (26 January to 28 February 2018).

POCOG will staff AND Desks at IBC, MPC and GMV from 26 January 2018. The hours of operation is 07:00 to 22:00 daily.

<p>3~5 days before Departure</p>	<p>Departure planning</p> <ul style="list-style-type: none"> • AND Desk/Call Centre: Confirm departure information with POCOG Arrivals and Departures • Finalise the time to leave accommodations for the airports

AND Desks

AND desks will be set up at IBC/MPC/GMV to facilitate departures service.

The operation period of AND desks at IBC/ MPC is 26 January - 21 March, 07:00 - 22:00 daily.

The operation period of AND desks at GMV is 26 January - 28 February, 07:00 - 22:00 daily.

AND desks serve the following roles.

- Receive and confirm the departure travel details
- Finalise the client's departure journey plan
- Provide departure baggage tag

AND Call Centre

Media who cannot come to the AND desk in person may use departure service through AND Call Centre, +82-80-300-2017. It operates from 1 Feb to 20 March, 24 hours daily.

If the media book KTX ticket through AND Call Centre, he/she can pick up the ticket at the AND desks in Jinbu/ Gangneung station.

Transportation

The Media Transport System (TM) is based on the 'hub-and-spoke' design, connecting IBC in the Mountain Cluster and GMV in the Coastal Cluster.

TM operation starts 14 days before the Opening Ceremony (26 Jan 2018) and ends 3 days after the Closing Ceremony (28 Feb 2018) for the media. TM services are provided as below.

<p>IBC (TM Mall 1, Mountain Cluster)</p>	<ul style="list-style-type: none"> - Service to/from press accommodations in the Mountain Cluster - Service to/from GMV - Service to/from MPC - Service to/from all venues in the Mountain Cluster

Wired connection

Access to Internet services, presented with RJ45 cable, at any of the venues including public workrooms and private rooms in the MPC, VMCs (in snow venues), press tribune (in ice venues) and photo workrooms.

Wireless connection

Wireless Internet is free of charge for the Media and not sold on Rate Card. Coverage has been made available in common domains of competition venues, IBC, MPC/VMCs, PyeongChang Olympic Stadium and PyeongChang Olympic Plaza, Olympic Villages and the Media Village.

1. Villages (PVL, GVL, GMV and PMV)

To access POCOG Wi-Fi from residence located in Villages, you only need to go through the 1st authentication process. Search the SSID (**Pyeongchang2018**) of your equipment and enter password (**2018pc@#**).

2. Areas other than Villages (Competition and Non-competition Venues)

To access POCOG Wi-Fi anywhere outside the residence on smartphones, tablets, and laptop, you must go through two-factor authentication process.

1) 1st authentication: Search the SSID of your equipment

SSID (**Pyeongchang2018**) and enter password (**2018pc@#**). This will bring you to POCOG's authentication portal.

2) 2nd authentication: Enter your user ID (**7-digit OIAC number**) and password [user's date of birth (**8 digits -DDMMYYYY**) + !] on the authentication portal to complete the authentication process. For example, if the user's date of birth is 13 Feb 1993, the password will be **13021993!**.

3. Accessing Media-only Wi-Fi

1) Serviceable area

Venue Media Centre, Press Tribunes, Mixed Zone, Media Lounge, All areas of MPC, Media workroom of the Media Village

2) Accessing Media SSID

a) 1st authentication: Search the SSID

(**Pyeongchang2018_media**) of your equipment and enter password (**2018pc@#media**). This will bring you to the authentication portal.

b) 2nd authentication: Enter your user ID (**7-digit OIAC number**) and password [user's date of birth (**8 digits -DDMMYYYY**) + !] on the authentication portal to complete the authentication process. For example, if the user's date of birth is 13 Feb 1993, the password will be **13021993!**.

4. WIPS (Wireless Intrusion Prevention System)

If you wish to use your personal Wi-Fi equipment in competition venues/POP/GOP, you must request for use approval on POCOG's Spectrum Order Portal (<https://spectrumorder.pyeongchang2018.com/login>) in advance. Please note that any unauthorized personal Wi-Fi equipment will be automatically blocked by POCOG's WIPS.

5. More information

1) Please contact Technology Service Desk at the MPC Main Help Desk after more than 5 login failures.
(Tel. +82-33-350-4114)

2) Please note that you do not need to go through authentication process in venues where you have been authorized once.

Mobile phones

The pre-paid USIM (Universal Subscriber Identity Module) card is intended for those who wish to use their own mobile phones in Korea. Additional purchase or top-ups of USIM cards can be purchased at the Rate Card Help Desk.

Useful Information

Host City

PyeongChang (Mountain Cluster)

PyeongChang, a county in Gangwon Province, is located approximately 180 km east of Seoul, the capital of the Republic of Korea. Surrounded by mountains with an average elevation of 750 m, average temperature is lower than the rest of Korea throughout the year.

Gangneung (Coastal Cluster)

Gangneung city, located between the sea and the mountain ridge, is one of the biggest cities in Gangwon Province with a population of approximately 229,000. The ocean lies on the east side of Gangneung, and the great Baekdu Mountain ridge on the other side stretching from north to south shaping the spine of the Korean peninsula. Most of the west part of Gangneung is composed of high mountains and the land slopes steeply towards the east.

Official Mobile App

PyeongChang 2018 Official App

PyeongChang 2018 Official App is All-in-One application that provides all the information and services about PyeongChang 2018. From spectators' information such as accommodation, transport, translation service to games

information such as maps of venues, real-time medal information, you will be able to get all the information you need. The application is available in Korean, French, English, Japanese, Chinese and available for both Android and iOS. Especially, AR route guidance service or cheering with mobile LED will provide you amazing, fantastic, and outstanding experience.

2018 Family

PyeongChang 2018 Family Mobile Guide(called 2018 Family) is a mobile application for Olympic Family(including athletes) only. It is available on iOS and Android, and in Korean and English.

Once you are authenticated using Accreditation information, you are allowed to access general and customized information on 2018 Family including transportation, press conference schedules, facilities in Media and Athlete Village, guidebooks provided by FAs, and receive push notifications. (Launch in mid-January)

Go PyeongChang

Go PyeongChang introduces a new concept of integrated transportation service that is convenient and safe. It operates all means of transportation from shuttles to car-sharing to ensure visitors arrive at their destination on time. ensure visitors can arrive at the destination on time. It is provided in 4 languages (Korean, Chinese, Japanese, and English) and can be downloaded through iOS and Android. The below is QR code for Go PyeongChang.

Travellers' Cheques

Travellers' cheques may be exchanged for cash at banks or exchange booths. A few stores still accept cheques instead of cash. However, credit cards and debit cards have become a more preferred means of payment by travellers.

Payment

Payments should be made by cash in Korean won (KRW) or VISA card in Olympic venues.

Emergency Numbers

Police Department: 112
Fire Department: 119
Medical Emergencies: 119

SIM Card Purchase (Korea SIM card)

Travellers can purchase SIM cards from major retail stores, convenience stores or from the website of their respective service providers. More often than not, this service is cheaper than phone roaming and is therefore preferred by many business travellers.

*SIM Card Sales Location

1. Convenience Stores (airport, downtown, nearby tourist attractions): 7-Eleven, CU, and GS25
2. KT Mobile
 - Website: krsim.net / koreasim.kr (English, Chinese)
3. EG SIM Card
 - Website: www.egsimcard.co.kr (English, Japanese, Chinese)
4. SIM Card Korea
 - Website: www.simcardkorea.com (Korean, English)

Smoking

Smoking is not permitted in all the Olympic venues.

Tipping

Tipping is not required nor expected in Korea. Ten per cent of VAT is usually already included in the price at most stores in Korea.

Taxi drivers will appreciate it if you tell them to 'keep the change' (or jandon gajiseyo in Korean), but this is not expected. They might have trouble understanding if you try to offer them anything more than the change.

NEWS ACCESS RULES APPLICABLE TO THE XXIII OLYMPIC WINTER GAMES PYEONGCHANG 2018, 9 – 25 FEBRUARY 2018

I. INTRODUCTION:

1. Purpose and period of application of these NARs

These NARs contain the general terms and conditions governing the use by Non-RHBs of Olympic Content for the exclusive purpose of reporting on the Games during the Games Period.

2. Legal basis and context for these NARs

The IOC governs the Olympic Movement and owns the rights to the Olympic Games and all related events, including all intellectual property rights in and to the Olympic Games and all goodwill associated therewith, as well as all other rights, titles and interest of every kind and nature relating to the organisation and staging of the Olympic Games, including: (a) the coverage and any Broadcast and Exhibition of the Olympic Games; (b) the admission to the Olympic Venues and the determination of conditions linked to such access, including such conditions relating to use of Olympic Content; and (c) any other form of exploitation, recording, representation, marketing, reproduction, access and dissemination thereof by any means or mechanism whatsoever, whether now existing or developed in the future. The IOC retains exclusively all rights in and to the Olympic Properties, whether explicitly protected under separate national legislation or protected under general legislation such as protection of names, trademarks, emblems or other identifiers or protection under any other intellectual property rights.

The IOC has granted exclusive rights to RHBs to Broadcast and Exhibit the Games in their respective territories. Such exclusive rights must be respected. No other organisation may Broadcast and Exhibit Olympic Content for reporting on the Games, other than as specifically permitted by these NARs.

These NARs are subject to applicable national laws and regulations. In the event that any provision of these NARs is declared unenforceable or invalid pursuant to any applicable national law or regulation, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Any use by Non-RHBs of Olympic Content for the purpose of reporting on the Games, other than as specifically provided herein and/or by any applicable national law or regulation, will be considered a violation of the IOC's rights and may subject violators to legal liability under the relevant laws concerning copyright law, trademark law, criminal law, unfair competition, misappropriation and/or contract law, as applicable.

In certain specific cases, the IOC may agree with RHBs in their respective territories to issue supplementary news access rules for such territories.

3. Access to Olympic Content and adherence to the NARs

- (i) Access to Olympic Material for the purpose of these NARs shall be granted exclusively to Non-RHBs which have provided the NARs Undertaking, at the Non-RHBs' technical cost, by:
 - RHBs in their respective territories; and by
 - News Agencies, to their affiliates and subscribers.
- (ii) Access to Archive Olympic Material for the purpose of these NARs shall be granted by the IOC's Images Services exclusively to Non-RHBs which have provided the NARs Undertaking, at the Non-RHBs' technical cost.

In the event that a Non-RHB fails to comply with these NARs, the corresponding RHB or News Agency (as applicable) shall immediately cease the supply of any Olympic Material to such Non-RHB. In the same way, the IOC's Images Services will immediately cease to supply any Archive Olympic Content to such Non-RHB. Additionally, the IOC reserves, at its discretion, the right to take any additional action, including legal action, as appropriate, against any such Non-RHB.

No other entities, in particular Non-RHBs, shall have the right to provide access to Olympic Content without the prior written consent of the IOC. Access to and use of Olympic Content from any other sources is expressly prohibited, including accessing any Olympic Material included within the INFO feed.

4. Definitions

The Capitalised terms used in these NARs have the meaning set out within this document or as provided in "Chapter VIII. – Definitions".

II. TELEVISION-NEWS ACCESS RULES:

Limited use in Television News Programmes

All use of Olympic Content by Television-Non-RHBs shall be confined exclusively to Television-News Programmes, Broadcast and Exhibited solely via Television, as specified in this Chapter II and subject to the following restrictions:

1. Amount of Olympic Content:

An aggregate maximum of six (6) minutes of Olympic Content may be used per day.

2. Number of News Programmes, Length and Separation of News Excerpts (3x2x3):

- a. Olympic Content may appear in no more than three (3) News Programmes per day;
- b. No more than two (2) minutes of Olympic Content may be used in any one News Programme;
- c. These News Programmes must each be separated by a period of at least three (3) hours; and
- d. No more than one-third, or 30 seconds, of any individual Olympic Event may be used in any one News Programme, whichever is the shorter time. However, if the duration of an individual Olympic Event is less than 15 seconds, the whole of the event can be Broadcast and Exhibited in a News Programme.

* Otherwise, in accordance with Sections 1 and 2 of Chapter II above.	

4. Airing after broadcast by RHBs only

A Non-RHB may Broadcast and Exhibit Olympic Content only once a period of three (3) hours has elapsed following the Broadcast and Exhibition of the relevant Olympic Material by the local RHB via any licensed broadcast platform in such local RHB's territory. In the event that there has been no broadcast by the local RHB via any licensed broadcast platform in that territory on the day (local time) during which the relevant Olympic Event concluded, such Broadcast and Exhibition may then be made as of the end of such day (i.e. 24:00 hours local time).

5. Duration of Use:

Olympic Content may be used only for a period of forty-eight (48) hours following the completion of the relevant Olympic Event, and in accordance with Section 4 of Chapter II above.

6. Permitted Simulcast and On-demand Transmission:

Notwithstanding the general prohibition established under Section 9 of Chapter IV, Olympic Content included in a Television-News Programme may be Simulcasted, provided that such Simulcast constitutes a Permitted Simulcast Transmission.

Furthermore, a Television-News Programme which is the subject of a Permitted Simulcast Transmission may also be made available (in its entirety only) "on demand" via the Internet, provided that such Broadcast and Exhibition is in accordance with the Internet Distribution Requirements.

N.B.: Non-RHBs may Broadcast and Exhibit Olympic Content prior to the times referred to above, and/or Broadcast and Exhibit more Olympic Content than allowed pursuant to these NARs, and/or for a longer duration, in each case only with the specific written agreement of the local RHB in the relevant territory.

III. RADIO-NEWS ACCESS RULES:

1. Limited use in Radio-News Programmes and duration of reporting window:

- a. All use of Olympic Content by Radio-Non-RHBs shall be exclusively confined to Radio-News Programmes broadcast in their corresponding territories only.
- b. Olympic Content may be used only for a period of forty-eight (48) hours following the completion of the actual Olympic Event.

2. Use of commentary from Television coverage:

Actual commentary of competition events taped from the Television coverage of an RHB can be used only with the express written permission of the RHB in the particular territory and in compliance with these NARs.

3. Airing after broadcast by RHB only:

Olympic Content may be transmitted only:

- (i) if any Olympic Material contained therein has already been transmitted by the local RHB; or
- (ii) if not transmitted by the local RHB, as of the conclusion of the day immediately following the day on which the Olympic event concluded (that is, until 24:00 on the following day).

4. Permitted Simulcast and On-demand Transmission:

Notwithstanding the general prohibition established under Section 9 of Chapter IV, Olympic Content included in a Radio-News Programme may be Simulcasted, provided that such Simulcast constitutes a Permitted Simulcast Transmission.

Furthermore, a Radio-News Programme which is the subject of a Permitted Simulcast Transmission may also be made available (in its entirety only) "on demand" via the Internet, provided that such Broadcast and Exhibition is in accordance with the Internet Distribution Requirements.

N.B.: Non-RHBs may transmit Olympic Content prior to the times referred to above, and/or transmit more Olympic Content than allowed pursuant to these NARs, and/or for a longer duration, in each case only with the specific written agreement of the local RHB in the relevant territory.

IV. GENERAL TERMS AND CONDITIONS:

1. Access to Olympic Venues without equipment and with no right of transmission:

E Accredited Media, subject in each case to the applicable accreditation entitlements, may have access, without professional audio/video equipment, to Olympic Venues, with the exclusion of Olympic Events listed as ticketed high-demand sessions.

Under no circumstances may any E Accredited Media record, film, originate or Broadcast and Exhibit (whether on a live or delayed basis) any Olympic Material, including telephone voice/video reports and interviews, via any platform, including Television, the Internet or any other interactive media and/or wireless platforms and devices, from any Olympic Venue.

Notwithstanding the foregoing, ENRs may access the MPC, via the specific allocated gate(s), with professional audio/video equipment.

2. Official Press Conferences and the MPC:

Sounds or images originating from or produced by ENRs from the MPC are not subject to the limitations established in Chapter II for the Television-News Access Rules and the Radio-News Access Rules.

E Accredited Media are permitted to record official press conferences for their delayed Broadcast and Exhibit, at least thirty (30) minutes from the conclusion of the corresponding press conference, via any platform under the official branded services of the E Accredited Media, entirely or in segments, without any territorial restrictions.

3. No Use of Commentary and Other Features:

No use of Olympic Content in accordance with these NARs excludes the use of any announcer descriptions, commentary, feature materials and interviews appearing or otherwise incorporated into the relevant Olympic Content, whatever the source, unless the appropriate clearances have been obtained from the corresponding RHB prior to any such use.

4. No GIFs, play-by-play commentary or other analogous coverage:

The following are prohibited: Broadcast and Exhibition or any other kind of exploitation via any type of platform of any play-by-play commentary; Olympic Content transformed into graphic animated formats such as animated GIFs (i.e. GIFV), GFY, WebM, or other sorts of short video formats; and any other multiple-exposure still images with a refresh rate designed to simulate the look and feel of video or other analogous coverage of any Olympic Content, whether on a live or delayed basis.

5. No Alteration of Olympic Content:

No use of Olympic Content permitted pursuant to these NARs shall alter or modify by any means the actual reality of any Olympic Event (including the imposition of any graphic elements on the Olympic Content), the participants (including their performances) in any such Olympic Event or the Olympic Venue of any such Olympic Event appearing within the Olympic Content in question.

6. Use of Olympic Properties

Any use of the Olympic Properties shall be in strict accordance with the "IOC Guidelines for Editorial use of the Olympic Properties by Media Organisations".

7. No Commercial Association

Olympic Content must not be used in advertising or in any form of commercial content, or in connection with the promotion of any brand, product or service, unless expressly authorised by the IOC. No News Programmes containing Olympic Content or any other programme may be positioned or promoted as Olympic or Games programmes, and no Olympic Content may be used in any promotion for any News Programme or any other programme whatsoever. No Olympic Content (including its availability within any News Programme) may be advertised, marketed or promoted on any platform, including on Television, Radio, the Internet and any other interactive media and/or wireless devices (including in any websites, apps or social media accounts) or otherwise without the prior written authorisation of the IOC. In particular, Olympic Content, and any News Programme containing Olympic Content, must not be used, marketed or promoted in a way that, in the IOC's view, suggests, creates or implies:

- a) any official or commercial association with the IOC, the Games, POCOG or the Olympic Movement where no such association actually exists;

- or
- b) that Non-RHBs, including, without limitation, their channels, services, News Programmes and other programmes, are recommended, approved or endorsed by the IOC, the Games, POCOG or the Olympic Movement.

Subject to the foregoing:

- (i) third-party advertisements or promotions that are Broadcast and Exhibited before, during or after any News Programmes incorporating Olympic Content pursuant to these NARs are permitted. However, advertising should remain clearly distinct and separated to avoid any undue Olympic association. In particular, no advertising or promotion may overlap, be intrusive to, or be superimposed on or with the reproduction or presentation of any Olympic Content and/or Olympic Properties; and
- (ii) Broadcast and Exhibit sponsorship of Olympic Content (including of any section or highlights within a News Programme that contains the Olympic Content) is not permitted, unless the prior written authorisation of the IOC is obtained.

8. Courtesy credit

Non-RHBs using Olympic Material must credit the local RHB(s) for the use of such Olympic Material. Likewise, a Non-RHB using Archive Olympic Material must credit the IOC for the use of such Archive Olympic Material. Credits must be in accordance with these NARs, giving an on-screen credit to the local RHB(s) or the IOC (as applicable). For RHB(s), the RHB watermark must be retained or included for the duration of the clip. Otherwise, a super video credit to the local RHB or the IOC (as applicable) must be added, for the duration of the clip, to read as follows: "*Courtesy (Name of RHB)*" or "*Courtesy of the International Olympic Committee*" (as applicable).

9. No Internet use:

Olympic Content may not be distributed on the Internet or via any other interactive media and/or wireless platforms and devices. This includes the prohibition of the Broadcast and Exhibition, as well as any other exploitation, of Olympic Content via any interactive services, including on services such as "news active" or "sports active", or any other related video-on-demand services, which would allow the viewer to make a viewing choice within a channel and to thereby view Olympic Content at times and programmes other than as specifically permitted in Section 6 of Chapter II or in Section 4 of Chapter III.

10. Geoblocking and other Security Measures:

Without limiting any provisions of Chapters II and III, any authorised use of Olympic Content, whether pursuant to these NARs, any applicable law or regulation (e.g. "Fair Dealing" provisions) or otherwise, via any platform, including, without limitation, via Television, Radio, the Internet or any other interactive media and/or wireless platforms and devices, must in all cases be restricted, by using Geoblocking and other Security Measures (subject to natural overspill within the frontiers), to persons located in the territory from where the relevant News Programme is transmitted by means of Television or Radio.

11. Fair Dealing:

Should any fair dealing or similar provisions contained in any applicable national law permit the use by Non-RHBs of Olympic Content, in such cases the total of six (6) minutes per day referred to in Section 1 of Chapter II will be included within the minimum permitted by such fair dealing or similar provision, and not in addition to it.

V. INFRINGEMENTS AND MONITORING:

1. Monitoring of compliance

The IOC, POCOG and the RHBs will monitor compliance with these NARs for the Games Period.

2. Revocation of permits to access Olympic Venues and use Olympic Content

The IOC reserves the right (without limiting any other remedy or sanction available to it), at its sole discretion, to immediately revoke, without notice, accreditations and any other access to any E Accredited Media to any Olympic Venues, as well as access to Olympic Content by non-accredited Non-RHBs, for the Games Period and future editions of the Olympic Games, in the event of any breach of these NARs.

3. Dispute-resolution

Any dispute, controversy or claim arising from or in connection with the execution or interpretation of these NARs or breach thereof not resolved after exhaustion of the legal remedies established by the IOC, and which cannot be settled amicably:

- (i) if during the Games Period, shall be submitted exclusively to the CAS ad hoc division for the Olympic Games for final and binding arbitration in accordance with the Statutes and Regulations of the CAS and the laws in force in Switzerland, and the seat of arbitration shall be at PyeongChang, Republic of Korea, and the language shall be English; or otherwise
- (ii) if outside of the Games Period, shall be submitted exclusively to the CAS for final and binding arbitration in accordance with the Statutes and Regulations of the CAS and the laws in force in Switzerland, and the seat of arbitration shall be at Lausanne, Switzerland, and the language shall be English.

VI. OTHER APPLICABLE IOC GUIDELINES:

In addition to the terms and conditions included in these NARs, all other guidelines made available by the IOC through www.olympic.org may apply, including, without limitation, the "[IOC Social and Digital Media Guidelines for persons accredited to the XXIII Olympic Winter Games PyeongChang 2018](#)" and the "[IOC Guidelines for Editorial use of the Olympic Properties by Media Organisations](#)".

VII. CONTACT INFORMATION

- For any issue related to these NARs, including their interpretation and implementation or reporting on infringements, please contact: newsaccessrules@olympic.org.
- For Archive Olympic Material, please contact the IOC Images Services via: images@olympic.org.

VIII. DEFINITIONS:

"All-News Network" means a channel which has news as its sole or predominant content.

"All-Sport Network" means a channel which primarily or predominantly focuses on sports-related programming, including in particular live and recorded event telecasts, sports news and talk shows.

"Archive Olympic Material" means any audio-visual and audio content from previous Olympic Games.

"Broadcast and Exhibition" or **"Broadcast and Exhibit"** (or other derived terms) means the broadcast, exhibition, distribution, transmission, retransmission, display, making available, projection or performance of an audio or audio-visual programme, as applicable, for display or reception on a Television receiver, computer monitor, mobile, handheld, including so-called "tablet" devices, Radio or other form of display or reception device, whether now existing or developed in the future.

"CAS" means the Court of Arbitration for Sport.

"Games Marks" means the official emblem, mascot, pictograms and other identifications, designations, logos and insignia identifying the Games, and does not include the Olympic Symbol.

"Games Period" means the period from the opening of the Olympic Villages, on 1 February 2018, until the closing of the Olympic Villages, on 28 February 2018.

"Geo-blocking and other Security Measures" means encryption, signal security, geo-blocking, digital fingerprinting and/or watermarking, copy protection, physical security systems and/or any other commercially available high-standard security measures relating to audio and audio-visual programmes and the creation, storage and Broadcast and Exhibition thereof intended to (i) limit access to the relevant Broadcast and Exhibition to persons located solely within a given territory, (ii) protect the intellectual property rights included in such Broadcast and Exhibition, and/or (iii) prevent and/or deter any theft, hacking, unauthorised copying, unauthorised exhibition, unauthorised downloading, unauthorised retransmission, modification and destruction of, or any unauthorised access or injury to, any materials utilised in connection with such Broadcast and Exhibition.

"IBC" means the International Broadcast Centre.

"INFO" means the IOC's Olympic Games Information System Service.

"Internet" means the global communications system of computer networks accessible by the public which interconnect, either directly or indirectly, individual computers and/or networks by making use of TCP/IP transport protocols (or derivatives thereof) which may be accessed by means of the world wide web and derivative URL addresses, and which enables users to engage in two-way transmissions of data over such networks in order to receive content (including by fixed, wireless network and transmission by satellite, mobile, DSL, ISDN, WiMAX, or other broadband links but excluding mobile technology and Television).

"IOC" means the International Olympic Committee.

"IFS" means the International Sports Federations, as recognised by the IOC.

"MPC" means the Main Press Centre.

"Mixed Zone" means a designated area at an Olympic Venue where athletes can be interviewed as soon as they leave the field of play.

"NARs" means these News Access Rules, as amended by the IOC from time to time at the IOC's sole discretion.

"NARs Undertaking" means the signed undertaking, in accordance with the IOC's model template provided together with these NARs, to be provided by (i) News Agencies, their affiliates and subscribers and (ii) Non-RHBs, accessing Olympic Material (whether through an RHB or a News Agency) or Archive Olympic Material (through the IOC's Images Services), as a commitment to fully comply with all the terms and conditions of these NARs.

"News Agency(ies)" means bona fide news organisations whose primary business or sole service is the syndication of news and that have entered into an agreement with the IOC and/or OBS for the provision of Olympic Material to Non-RHBs' News Agency sub-licensees in accordance with these NARs.

"News Programmes" means regularly scheduled Television or Radio (as applicable) general news programmes/bulletins (in the case of All-Sport Networks as part of regularly scheduled general sports news programmes) of which the actual local, regional, national or international news elements constitute the main feature of such programmes/bulletins. For the avoidance of doubt, this excludes programming such as news and sports magazines, news promos and updates, entertainment programmes, entertainment news programmes, magazines and features, sports features and other sports programmes or special programmes.

"NOCs" means the National Olympic Committees as recognised by the IOC.

"Non-RHBs" means broadcast media organisations which have not been granted the right to broadcast the Games in a particular territory, regardless of whether or not they have been accredited to the Games.

"OBS" means Olympic Broadcasting Services, the host broadcaster of the Olympic Games.

"Olympic Charter" means the Olympic Charter dated 2 August 2016 (including its by-laws and documents referred to therein), as may be amended from time to time.

"Olympic Content" means collectively Olympic Material and Archive Olympic Material.

"Olympic Event" means any official activity or event that occurs primarily at an Olympic Venue during the Games or that is related to the Games, including, without limitation, training sessions, sporting action, Opening, Closing and Victory Ceremonies, interviews and any other activity that occurs or is originated at an Olympic Venue.

"Olympic Games" means competitions between athletes in individual or team events and not between countries, bringing together the athletes selected by their respective NOCs, whose entities have been accepted by the IOC, competing under the technical direction of the IFS concerned; and they consist of the Games of the Olympiad and the Olympic Winter Games.

"Olympic Marks" means the Olympic Symbol and the Games Marks.

"Olympic Material" means sounds or images originated from or produced of any Olympic Event, in each case regardless of the source.

"Olympic Movement" means all the organisations, athletes and other persons who agree to be guided by the principles of the Olympic Charter.

"Olympic Park" means the Olympic venues located in: (i) the Gangneung – Ice Arena, (ii) the Gangneung Curling Centre, (iii) the Gangneung Oval and (iv) the Kwandong Hockey Centre.

"Olympic Properties" means the Olympic Symbol (the Olympic rings), the emblem of the Games and other Games marks, mascots, pictograms and posters, the wordmarks "Olympic", "Olympic Games" and "Olympiad", the Olympic motto "Citius, Altius, Fortius" and any English or other language translations of the same, and other Olympic-related terminology.

"Olympic Symbol" means the five interlaced rings that identify the Olympic Movement.

"Olympic Venues" shall include all venues which require an Olympic accreditation card or ticket to gain entry, including the Olympic Villages, the Village Square, the competition venues, the training and practice venues, the Olympic Park, the Mixed Zones, the IBC and the MPC.

"Permitted Simulcast Transmission" means the Simulcast of a Television- or Radio-originated News Programme of a Non-RHB that is authorised to use Olympic Content pursuant to and in accordance with these NARs in their entirety, provided that such News Programme: (i) is customarily made available in such manner by the Non-RHB outside the Games Period; (ii) is available only on the official branded Internet services of the Non-RHB; and (iii) employs Geoblocking and other Security Measures in a manner which complies with the "Internet Distribution Requirements" established under Section 10 of Chapter IV of these NARs.

"PCOCG" means the PyeongChang Organising Committee for the 2018 Olympic & Paralympic Winter Games.

"Radio" means the broadcast of linear audio programming by means of electronic signals via radio waves, intended for intelligible reception on conventional radios, cable radios and satellite radios. For the avoidance of doubt, Radio shall specifically exclude, without limitation, the Internet, audio downloading, video streaming and any other form of video-on-demand, Internet exhibition, exhibition via any interactive media and/or wireless platforms and devices (including mobile telephones, tablets or similar devices).

"RHB(s)" means a corporation or body which has been granted the right by the IOC to Broadcast and Exhibit the Games in a particular territory across one or multiple medium(a)/platform(s), including Television and the Internet.

"Simulcast" means simultaneous and unmodified linear transmission via the Internet or any other interactive media and/or wireless platform or device.

"Team Welcome Ceremonies" means the official "celebratory moment" at the start of the Games to welcome all athletes, team officials, delegates and guests, taking place at the Village Square from the opening of the Olympic Villages, on 1 February 2018, until the day before the Opening Ceremony of the Games on 8 February 2018.

"Television" means the broadcast of linear audio-visual programming by means of electronic signals intended for intelligible reception on the screen of conventional television monitors. For the avoidance of doubt, Television shall specifically exclude, without limitation, the Internet, video downloading, video streaming and any other form of video-on-demand, Internet exhibition, exhibition via any interactive media and/or wireless platforms and devices (including mobile telephones, tablets and similar devices), home video and Radio.

"Village Square" means the square which will be located adjacent to but separated from the residential zone of the Olympic Villages, which will host a number of activities including Team Welcome Ceremonies.
